DEMOCRATS BE WARNED!

DO NOT SCRATCH ANY NAME OFF YOUR BALLOT!

A SCHEME EXPOSED!

Republican Trickery Intended to Injure the Democratic State Ticket—Let Every Democrat be Warned in Time!

Reliable information has been received at Albany that in certain districts of the State the Republican Platt machine workers are coaxing Democrats to vote for some Republican candidate for a minor office, and to scratch their own Democratic party candidate for that office.

The danger in this lies in the possibility that a Democratic voter might unthinkingly follow the advice and by scratching a single candidate MAKE HIS ENTIRE BALLOT.

Bear in mind that the erasure or "scratching" of any candidate makes your ballot a marked ballot and it cannot be counted at all for any candidate on the ticket. This vote would be lost each time for all Democratic candidates, state and local. The safest way is to vote a straight Democratic ticket by making the cross mark (X) within the circle underneath the star. In that way, no possible mistake or danger of disenfranchisement can arise.

Democrats, beware of the devices of men who advise you to scratch any candidate!

DEMOCRATIC SURE.

A Big Victory Awaits the Party of the Star.

One of the most intelligent and conservative politicians in New York State estimates the Tammany majority in New York city at 35,000 and the majority for the Democratic State ticket at 70,000.

Bets of two to one on 20,000 majority for the Tammany ticket go begging, and it is conceded that thousands of Democrats in New York city who will vote for the State ticket will not vote for the Tammany local ticket.

Out of four experienced political reporters in New York the other day three conceded the assured victory of the Democratic State ticket and the fourth, connected with a radical Republican paper, admitted that things look bad on the State ticket for our people."

The Democratic ticket is clean, popular, non-factional, and commands the support of every variety of Democrat and Democratic organization. Not in 10 years has any Democratic State ticket had so united a support.

The votes of thousands of liberty-loving citizens, disgusted at Republican hypocrisy on the excise question, and of thousands of others regardless of party to whom the 50 per cent. increase in State taxation has brought great hardships, will be added to the normal Democratic vote this year.

Democrats, vote by the star: vote straight: poll a full off-year vote, and victory is assuredly ours!

ORIENTAL SPLENDOR.

A Little Less of It Would be Acceptable to the Taxpayer.

The repairing and refurbishing of the executive mansion has just been completed, and the descriptions of it in the Albany Journal, the Platt Republican paper at the Capitol, go into ecstasies over the luxury and oriental splendor of the mansion as it now is.

The boudoirs of the ladies of the Governor's family are described as royal in their appointments, and the wealth of adjectives is only equalled by the wealth and indifference to cost of the furnishing, themselves.

All this has cost a great deal of money, but the millionaire Governor has to have things in the style of an oriental potentate in order to be in the swim of the smart set in which he moves and to compete with his princely income and luxurious habits.

It comes high—it would buy two or three moderate sized farms—but what is that to a multi-millionaire Governor?

What does he know or care of the hardships of those who have to mortgage their little homes to pay the Republican 3.21 tax-rate, a large slice of which has been expended in making more luxurious the executive mansion for his occupancy this winter?

MR. PALMER AND LABOR.

The Painters Journal Denounces Him as the Enemy of Labor.

The Painters' Journal, a non-partisan paper devoted to the cause and interests of labor, makes the following assertions with regard to the Republican nominee for Secretary of State:

"John Palmer, of No. 25 Washington Street, now is a candidate for Secretary of State, is running a tank repair shop and has done all in his power to break down Union 201, not only in private but publicly. He even refused to confer with any committee, and we appeal to all Union men in New York State to abstain from supporting him. Our Veteran League of over 2,000 members is pledged not to support such an enemy of organized labor."

For State Treasurer.

De Witt Clinton Dow, cashier of the First National bank, of Cobleskill, N. Y., has received the nomination on the Democratic State ticket for State Treasurer. Cashier Dow has had twenty-five years' experience in the banking business, having been appointed in 1871 to a minor position in the First National bank, of Cobleskill, N. Y., and promoted to Cashier in 1875, which position he still occupies. He is a director of that bank, and also of the First National bank of Middlebury. By reason of his long, practical and successful experience in the banking business he is admirably fitted for the position for which he has been nominated. —Rhodes' Journal of Banking.

Six Richest Women.

The six richest women in the universe, says the New York World, are Senora Isidora Cousina, of Chili, who has \$200,000,000; Hetty Green, of New York, \$50,000,000; Baroness Burdett-Coutts, of London, \$20,000,000; Mrs. Barnes, widow of ex-President Hayes, of Guatemala, \$15,000,000; Mary Garrett, of Baltimore, \$10,000,000; and Mrs. Woelska, of Russia, \$10,000,000.

THE COST BY COUNTIES.

Tabulated Statement of the Expense of the 3.24 Tax Rate.

What did the increase of the tax rate to the war figures of 3.24, caused by the extravagance, corruption and saturnalia of wickedness at the capitol at Albany, and executive indifference and the neglect of the veto power, mean to the several counties of the state?

It meant a great increase of the state tax burden, of which each county must bear its proportionate share. But what is that share for each separate county?

It is the purpose of the table herewith presented to answer that question to the enlightenment, if not the satisfaction, of the long suffering taxpayers of the state of New York.

This is a statement of comparison between tax for 1891 and computation of tax for 1893, based upon assessed valuation of 1894. The valuation of 1895 is not yet completed. It will without doubt be greater than 1894; hence the statement of tax for 1895, while relatively correct, may be even greater than below computed. It will certainly not be less.

Will the taxpayers consent to return to legislative or administrative power a party whose control of the purse strings of the state so enormously and so uncontrollably increases the tax burden without in any manner bettering the conditions of state government, but on the contrary producing a steady deterioration all along the line?

For the privilege of being misrepresented by three out of four assemblymen, Republicans, Albany county pays an increase of nearly \$100,000 in her state tax.

In Erie county, five out of six of whose assemblymen and both of whose senators were Republicans, the increased state tax is \$265,000.

In Kings county, a large majority of whose delegation was Republican in both branches, the increase is over half a million dollars.

New York city, groaning under "reform" and its increase of its local tax burden, is saddled with a plump two millions and a quarter more by her "reform" assembly delegation.

Democratic Westchester anted up over \$100,000 for the liaison with the secession woman of "reform."

Democratic Queens and Rensselaer pay \$73,000 and \$45,000 apiece for their folly.

In no county in the state is the increase less than \$5,000, and in the state at large it is four and a half millions!

THE EMBODIMENT OF JOYFULNESS.

Beautiful Scenes, Beautiful Women and Lively Music in "Wang."

Nothing new is to be said in praise of "Wang," that remarkably successful burletta. Its production on Monday evening will be somewhat of a novelty, for there will be a new "Wang," new scenery and beautiful costumes. Samson once said that you might as well attempt to analyze a basbeeb clean as to analyze "Wang." And he might have added that like the generality of such dreams, "Wang" is delightful, a dream in itself of beautiful scenes and beautiful women, laughter and nonsense, fantastic costumes and delicious music. It does not pretend to be more than it is and that is something to be devoutly thankful for in these days of Munchhausen advances and circus posters. "Wang" is merely sugared sea-foam. It is the embodiment of jollity with a leavening of beautiful and truthful pictures of far away Siam, the land of the white elephant. Beyond the picturesque features and its melodies, it claims no merit but that of entertainment, and this merit it has successfully claimed for three years.

For more than a hundred years the Shakers have been studying the remedial properties of plants. They have made many discoveries, but their greatest achievement was made last year. It is a cordial that contains already digested food and is a digestor of food. It is effective in removing distress after eating, and creates an appetite for more food so that eating becomes a pleasure. Pale, thin people become plump and healthy under its use. It arrests the wasting of consumption.

There never has been such a step forward in the cure of indigestion as this Shaker Cordial. Your druggist will be glad to give you a little book descriptive of the product.

In the tax book figures given in last night's Argus Mr. E. G. Medrick's increase in State taxes as a result of the 3.24 tax rate was given as \$2.18. This is only one piece of property. The total loss of increased taxation that Mr. Medrick receives as a result of Republican extravagance is nearly \$12.

The excellent candidates for county offices on the Democratic ticket are as well and favorably known as to render more personal praise superfluous. Not a derogatory word has been said against them. They are one and all well fitted for the offices for which they have been named. There are enough Democratic voters in Orange county to elect this excellent ticket, and every Democrat should feel it a duty and a privilege to do his share in accomplishing this most desirable result.

As the campaign nears an end Democratic prospects grow brighter and brighter. From all parts of the State comes cheering reports of Democratic unity and enthusiasm for the State ticket. In this county the Democratic outlook is better than it has been in several years. The Democratic candidates for local offices have grown in strength and popular favor ever since they were nominated. They have won votes on their merits and will also receive the votes of hundreds of Republicans who, disgusted with boss rule and its odious manifestations, will refuse to vote the ticket forced on their party by young Ben Odell.

WHO THE — IS SHAW?
The profane and ribald press asked this question on the day that William H. Shaw was nominated for Member of Assembly. The answer, to be found in the *Orange County Press* of April 19th, 1861, under the heading, "The Pioneer in a Good Cause," has been printed in the Argus once, but it will bear printing again. Here it is:

Among those of our citizenry who belonged to military organizations in the city was William H. Shaw, of this village. On Saturday last, he received a requisition by telegraph to join his company in New York the following morning. He made immediate preparations and left on the evening train for that purpose, sailing the next day with his company in the R. R. Cuyler. Mr. Shaw being the pioneer from Middletown to assist in fighting the battles of his country, was accompanied to the depot by a large concourse of our

citizens to bid him godspeed on his mission. At the station he was feelingly addressed in a patriotic speech by C. C. McQuaid, Esq., who, at the close of his remarks, presented Mr. Shaw with a handsome five-barreled pistol, costing \$30, which had been purchased for him by some of our citizens. Mr. Shaw accepted the gift in a few fitting remarks, promising to use it efficiently in behalf of his country's flag and honor. The presentation over and the train having arrived, Mr. Shaw stepped aboard and, amid the plaudits of the large assembly and the inspiring strains of martial music, was soon far away on his journey to aid in asserting the rights and liberties of his country. All honor to those who fight the battles of the republic!

LEVON'S COMPLETE COLLAPSE.
Just after the adjournment of the Legislature, the New York Mail and Express, Republicans, published the following scathing denunciation of Senator Lexow:

"Senator Lexow presents, to-day, the most impressive example of a complete political collapse on record. His fall has been the more fatal because of the height to which he has been elevated by popular favor, and which he so inexorably forfeited by repudiating the very principles which he was supposed to represent. Lexow served Platt rather than his party, and was willing to stultify the cause and discredit the movement to which he owed all his political prominence and influence. His admirable qualities of mind and heart rendered his political apostasy the more deplorable and reprehensible. His responsibility is increased by his acknowledged talent, learning and culture. Great abilities carry great obligations. He has been deserted by his friends and is despised by his foes, because he proved himself to be neither faithful nor courageous."

"The Republicans of Rockland and Orange counties should not permit their party to be betrayed into the hands of Democrats by a senatorial nomination impossible of election. Lexow, by consenting to such a course, will but confirm the odium of his past conduct and justify the condemnation under which he has lost the confidence of the people."

CORSETS.

In choosing our new frock you are very likely copying one that took your fancy. On Miss Chic who wore it, it was all you could desire, but are you sure it will suit you as well? Pretty clothes do much toward making a woman appear well dressed. Style, as we know it, consists more in the way clothes are worn than in the clothes themselves.

Fit-huggable women have learned the knack of wearing clothes, and without perfect fitting Corsets there is no such thing as perfect fitting gowns. No woman can be taught to wear her clothes well; she learns the secret by degrees. She must be sure that her clothes fit. Clothes either, in shape, size, or material, that she must never be self-conscious of them once they are on her. She must stand well, walk well and sit well. It does her credit with one of our Z.Z. French Corsets and you do not, therein will be the secret of the possible disappointment to you in the copied gown.

Some time ago, the children of the late Mrs. Fannie Seeland made application to the courts to have a sum of money belonging to their father, Fred Seeland, which had been in the hands of the County Treasurer for several years, turned over to them.

Mr. Seeland had not been heard from it many years and was supposed to be dead, but Judge Brown decided that there was no proof of death offered and the court had no power to order the payment of the money to the children.

The matter recently came up before Judge Brown again and he has rendered a decision declaring Fred Seeland judicially dead and ordering the payment of the money to his children.

SULLIVAN COUNTY OUTLAWS

Glimpses of Life in a Neighboring County obtained while investigating the Livingston Manor Mystery—Ignorant and vicious "squatters"—A Doctor in Wives—No Wonder Sullivan County Has So Many Crimes.

Special Correspondent of Argus and Mirror.

Nearly two weeks have passed since Mrs. Milton Ward disappeared from her rude home, on the mountain side, near Livingston Manor, and while various theories are entertained regarding her whereabouts, the best people conversant with the circumstances of the case freely express the opinion that the woman was a victim of foul play, and that somewhere in the lonely neighborhood where she lived her remains are concealed, perhaps never to be discovered.

Riley Carl, the cutlass cousin of Milton Ward, who has been the terror of that region for years, is accused of having eloped with the missing woman, but there is really no reliable evidence that he knows anything concerning her whereabouts. He has been several times since the mysterious disappearance, but no reputable person claims to have seen Mrs. Ward.

WORSE THAN EIGHTEEN.

One who has never explored the wild, mountainous districts of Sullivan county has little idea of the class of sublata found in the isolated sections, which, during the past few years, have been the scenes of numerous crimes the perpetrators of some of which have never been detected. In these sections, within the sound of the church bells, a class of human beings exist whose moral condition is even worse than that of inhabitants of heathen lands, and should receive the attention of some of our zealous missionaries.

THE "SQUATTERS."

Many of these people are known as "squatters," who have taken possession of rude huts in the mountains, long since vacated by lumbermen. Here they eke out an existence through all sorts of evil devices, plundering the surrounding country of anything obtainable, and a stranger is never safe within their territory after dark. They are a licentious and ignorant class, rearing large families of children to follow in their footsteps, and in numerous instances the wives are subjected to most cruel treatment at the hands of their drunken, brutal husbands.

CRUELTY TO A DYING WIFE.

One instance is related by a physician who was called to attend a sick woman. The husband had entered the room a short time before, and shaking his fist in his wife's face, exclaimed: "D--- you, if you don't die soon, I'll kill you." Then he piled shavings upon the kitchen stove and set them on fire, declaring that he would burn down the shanty.

DICKERING IN WIVES

Some of the squatters manufacture wooden scoops from timber culled from the surrounding forests, and an instance is related of two men who traded wives, one furnishing the other with half a dozen scoops "to boot." Another instance is related where a sheep was given as compensation for the difference in value of the women. The sheep had been stolen from a farmer who afterwards discovered and claimed his property whereupon the loser demanded that they trade back, but the wife of the other strenuously objected, and the bargain was allowed to stand.

A SHILLING POLLUTION

A yoke of oxen was recently stolen from a farmer, driven twenty miles and sold. The owner recovered his property, but failed to catch the thief. When a squatter had so thoroughly "worn" a section that his chances of further success are small, he suddenly disappears, but the vacant shanty is soon occupied by another of like occupation, and the business of pillage is continued with scarcely any interruption.

THE "A" OF MOUNTAIN

Milton Ward lives on a rented farm. He is a hard working man, but quarrelsome and abusive when in liquor, and his relatives declare that sometimes he has been unknown to beat his wife. Mrs. Ward was regarded by her acquaintances as a probable woman who failed to make the best of her unfortunate surroundings. She was in poor health, and unable to walk a long distance, besides it is not believed she could have been persuaded to elope with such a character as Riley Carl, of whom she had several times expressed a fear.

Two More Deaths

In the recipe for keeping cider in yesterday's Argus the types made us say, "One pound of sugar to one gallon of cider where it should have been one pound of sugar to five gallons of cider."

VERY SUCCESSFUL ENTERTAINMENT

Miss Jean Stuart Brown's Reading at the Assembly Rooms.

All who attended the reading by Miss Jean Stuart Brown at the Assembly Rooms, last night, feel that they are indebted to the ladies of Thrall Hospital for providing the most enjoyable entertainment that Middletown has been favored with in many a day.

Miss Brown has a very attractive stage presence, unusual command of facial expression, much dramatic power, a rare gift of mimicry and a fine and well trained voice, which is always under perfect command. Her selections were all intelligently rendered, every shade of meaning being carefully distinguished. Her programme, last night, was a varied one and gave opportunity for the display of the versatility of her talent. Her finest work was in "The Set of Turquoise" and "Count Diamond," both of which were recited with much dramatic force. Her humorous selections were well chosen and admirably rendered as to elicit round after round of hearty applause.

Miss Carrie Howland, of this city, who kindly consented to sing when it was known that the "sundered illness" of the Banjo Quartette would prevent its appearance, added her full share to the enjoyment of the evening. She is a sweet, clear, carefully trained voice, and her enunciation is wonderfully distinct. Her first number, "The Holy City," by Adams, was so heartily applauded that she gave a Scotch ballad as an encore. She was also recalled after her second number, "My Little Love."

Miss Bertha Morgan, always a favorite with Middletown audiences, sang two selections so well that she was recalled.

Mrs. Sweetzy was the accompanist of the evening.

We are glad to say that the entertainment was a financial success and adds quite a sum to the Hospital's treasury.

WHEN NOT TO WORK STREETS.

Late in the Fall Not the Time for Dressing With Crushed Stone

The city authorities, after wasting the whole summer and early fall, are now putting crushed stone on some of the streets. If we have a severe winter the stone will soon be buried out of sight in mud; if we have a snow one can imagine what kind of sleighing there will be over the sharp stones.

If the stone had been put on early in the season a hard and comparatively smooth road bed would have been formed by this time and in the event of snow or mud the streets would have been in better condition than they can possibly be now.

AN EASY VICTORY

No Trouble for Middletown Bowlers to Defeat a Team From Gusen

Charlie Landry's team of bowlers from the Hub were easily defeated by a team of Middletowners in Eagles' alley, last night. Only two games were necessary to decide the contest, the home team winning the first game by 70 points and the second by 125 points.

DISCHARGED FROM CUSTODY.

Manager of the "Newest Woman" company has left Goshen.

Madge Navratil, of the "Newest Woman" Company, who was arrested at Port Jervis on a charge of larceny brought by a New York customer, was, yesterday, discharged from custody by Justice McCormick. Mr. Navratil left at once for New York where he intends to reorganize his company. He says most of the members of his company have stood by him in his troubles.

Will Carleton's Evening

Many of the associations of the country are in the habit of holding "Carleton evenings," in which all the exercises are from the writings of Will Carleton. Friday evening, Nov. 8th, will be a "Carleton evening" in Middletown, with this peculiar feature, Carleton himself will be here and do the reading and reciting.

TO REPUBLICAN OLD SOLDIERS.

A Comrade appeals to Them to Assert Their Political Independence.

To the Republican Old Soldiers of Orange County

There still remains to the Republican "old soldier" the privilege of voting independently, and when one of our number has the good fortune to secure an office in the gift of the people, he should have all the best fits to be derived from it, and especially all the profits. Our comrade, Sheriff Beakes, has been subjected to great loss by not receiving the business which has, previous to his time, come to the Sheriff from the District Attorney's office. For the truth of this I refer you to Sheriff Beakes himself. If the "old soldiers" desire to protect Comrade Beakes, they must defeat his opponent, Mr. Hirschberg, who is a candidate for re-election on our ticket. We are simply members of the Republican party and not the slaves of party dictators, and should defend Comrade Beakes against the unprincipled schemers of our own Republicans.

ORDNANCE VIOLATIONS WORKED AT

Alleged official Consent on the "Q.T." to the Violation of the Fire Limit Ordinance.

A prominent Republican, a friend of the local bosses, is erecting a frame building within the fire limits, and the Mayor and Aldermen merely wink and say nothing. It is said the gentleman asked for permission to erect a wooden building, but as it would not do to give official sanction to a violation of the fire limit ordinance, the application was denied. The building is going up all the same and neighbors who were compelled to observe the ordinance, now wonder if it is defiance of the city authorities or if the owner of the building, while receiving a formal denial of his application, got a private tip granting the permission asked for.

Most anything is likely to happen under the present management of city officials.

A FORGIVING WOMAN.

Weds the Man Who Once Abandoned Her Almost at the Altar.

Some time ago friends were bidden to the marriage of William J. Scott and Miss Lizzie Hall, of Waldron, but a few days before the time appointed for the wedding Scott's courage failed him and he packed up his belongings and sneaked out of town. He returned a couple of weeks ago, asked forgiveness of the woman he abandoned and she, apparently of the opinion that any kind of a husband was better than none at all, forgave the past, and on Monday evening last, they were married.
